DETAILED ACTION

Response to Arguments

1. Applicant's arguments with respect to claims 1-8 and 10-17 have been considered but are moot in view of the new ground(s) of rejection.

Claim Rejections - 35 USC § 102

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

3. Claims 1-8 and 10-17 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by Focsaneanu et al. (US 5,610,910).

Focsaneanu et al. discloses a communication network in Fig. 7 comprising the following features: access module 208 for supporting one or more connections on the Internet 214; access module 208 for supporting one or more connections to user terminals; controller 252 in Fig. 8 of the access module for controlling input or output of the information; and for processing information received or sent to either PSTN or Data Network, according the mode form of the input and output.

Conclusion
